# Hidden gems – Experience Prague like a local

## NOVY SVET (NEW WORLD)

The picturesque street known as Novy Svet (New World) is located beneath Prague Castle and is often considered one of the most beautiful places in Prague. Tucked away beneath the massive defensive walls, it offers a tranquil escape from the bustling city. Novy Svet is often referred to as the „golden“ part of Prague because its original residents, despite their modest means, sought to compensate for their poverty by giving their houses names that included the word „golden“.

## PRAGUE FERRIES

Prague’s ferries, also known as Prague Venice, provide unique perspectives of the city and offer an interesting way to thoroughly explore both banks of the Vltava River. These popular ferry routes are integrated into Prague’s public transport system, allowing you to use your public transport ticket for travel on them.

## TROYA PALACE AND ITS GARDEN

This Baroque gem is located near Prague’s Zoo and is surrounded by a beautiful French garden. Its interior is adorned with unique frescoes, and the Prague City Gallery frequently uses it for captivating art exhibitions.
